NURSING CEUs

Have been applied for.

MAIC INSURED PHYSICIANS

MAIC-insured physicians who attend this program *may* be eligible for a premium discount. A certificate of completion will be mailed at the conclusion of the program.

DESCRIPTION

This program will provide risk managers, nurses and physicians with information on current strategies and processes to improve maternal and neonatal safety in the OB department. High risk issues and solutions to mitigate risk will be discussed.

OBJECTIVES

- Identify factors that contribute to high verdict OB claims and strategies to reduce liability in the OB department
- Understand the implications when parents refuse Vitamin K for the newborn
- Describe safety interventions that help staff be prepared for OB anesthesia emergencies

AGENDA

10:00 Current Trends in OB Liability

Marilee Clausung, JD
