**COVID-19 Impact on Medical Professional Liability**  
***Webinar***

**Thursday, December 10<sup>th</sup>**  
**Noon – 1:00pm**

This webinar will be a follow-up to the presentation from our annual meeting in October focusing on the risk management considerations and strategies that will help in the defense of future allegations of liability during the pandemic.

**Learning Objectives:**

- Describe a timeline that can be used to track information received such as waivers and regulatory changes and the actions taken by the hospital in response
- Design a checklist of items to maintain that will help the hospital provide documentation to assist in the defense of COVID cases

**Speaker:** Richard Hunsaker, Shareholder, Heyl, Royster, Voelker & Allen. Mr. Hunsaker is an experienced trial lawyer of 30 years and concentrates his professional liability practice on the defense of hospitals, physicians and other licensed professionals in medical malpractice litigation.
