

Evaluating, Understanding, and Mitigating Risk in Insurance Certificates and Professional Service Contracts

Webinar

Tuesday, November 16th

12:00 – 1:00 pm

Medical Staff Services Professionals and Risk Managers have a significant role in ensuring physicians and advanced practice professionals have adequate professional liability insurance coverage. This program will highlight the hidden risks to look for in insurance certificates and professional service contracts and identify appropriate provisions and other information that should be present. Checklists to assist in performing these reviews will be provided.

Learning Objectives:

- Identify deficiencies in certificates of insurance and professional service contracts
- Apply the use of checklists to ensure there are acceptable limits of professional liability coverage that are appropriately specified in professional service contracts
- Describe continuous coverage, situations when liability coverage limits are eroded by defense costs, and when shared limits may be acceptable for professional liability coverage.
