## **OSHA Recordkeeping in the Healthcare Setting**

*OSHA Recordkeeping Standards and the new COVID-19 Directives*

**Thursday, January 21<sup>st</sup>**

**Noon – 1:30pm**

This webinar will provide educational direction to Nurses, Human Resources Specialists, and anyone charged with the responsibility of managing your organization's OSHA recordkeeping requirements.

### **Learning Objectives:**

- Outline OSHA's recordkeeping requirements for hospital and healthcare organizations.
- Explain how the new COVID-19 directives impact the OSHA recordkeeping process.
- Describe how to use OSHA recordkeeping data in your safety and health management program.

**Speaker:** Mike Benedeck, BA, CHSP, WACH, Director of Loss Control, Illinois Compensation Trust. Mike has 14 years of experience as an Occupational Safety/Worker's Compensation Administrator for a large Illinois health care system. Mike's career also includes 15 years of workers' compensation insurance claims administration in a healthcare-related insurance trust, along with self-insured hospital programs. His related experience gives him special insight into the personnel and workplace challenges faced by healthcare organizations. Mike is a Certified Healthcare Safety Professional.

**Education Credits:** The Illinois Health and Hospital Association (IHA) is authorized by the State of Illinois Department of Financial and Professional Regulation (license number 236.000109) to award up to 1.5 hours of nursing continuing education credit for this program.

**Questions:** Mike Benedeck at [mbenedeck@team-iha.org](mailto:mbenedeck@team-iha.org) or 630.276.5646

**Webinar Recording:** This webinar will be recorded. By participating in this webinar you agree to being recorded. If you do not want to be recorded do not register. The recording will be posted on the IRMS secure website. An email notice will be sent to all registrants once the recording is posted and available.
